

POWERING YOUR ENTIRE WORKSHOP

7.5-37 kw

4-IN-1 INTEGRATED SCREWAIR COMPRESSOR

CE    RoHS

ENGINEERED FOR DURABILITY & EFFICIENCY

7-10 Bar

Wide Pressure Range

30-50%

Power Saving

65dB(A)

Low noise

Oil-less

Clean, Dry Air

WHY VERDES IS THE SMARTER CHOICE FOR YOUR PRODUCTIVITY

- Saves Precious Floor Space
- Get Up and Running in Hours, Not Days
- Reduces Maintenance & Downtime
- Built for Continuous, Heavy-Duty Operations

AIR AFTER-TREATMENT SYSTEM

- Features pipe line filters for 0.001 μ m precision, ensuring 99.99% oil-free dry air
- High quality refrigerated air dryer Guarantees low pressure dew point removes 99% moisture

SMART TOUCH SCREEN PANEL

- Supports multiple languages
- Control panel has the remind & record function, Display the compressor situation clearly
- Monitor & control key compressor functions

DESIGNED INTEGRATED AIR-END

- Unites motor and air-end for near-100% efficiency
- Balanced Operation: Minimizes vibration for enhanced durability
- Heavy-duty bearings support vertical placement.

PERMANENT MAGNET MOTOR

- PM motor with high-performance neodymium iron boron (NdFeB) magnets
- The service life is more than 15 years
- The level 1 energy saving PM motor
- Cancels the loss of the excitation system which improves efficiency 5%-12%

Parameters

Type	Power		Max.Working Pressure		F.A.D		Connection	Dimension (mm) L*W*H	Weight	Air Tank Capacity
